

HI LINE TAXI, LLC

Havre Regional Success Story

“Joe was great; very **helpful** and always **positive**. He answered **every question I had** through this educational experience.”

-Aneta Jones,
Owner

PROBLEM

Aneta Jones wanted to start her own taxi business, but did not know where to start or the time it would take. She came to the Havre SBDC to learn about the state permits or licenses that were required, and received much more in the process.

SOLUTION

Aneta and SBDC Director Joe LaPlante developed Aneta's business plan, registered her business with the state as an LLC and filled out all the paperwork required by the Public Service Commission to operate a private taxi service.

IMPACT

Hi Line Taxi LLC has created one job, was able to secure startup funds to cover initial operating expenses and has given the community another choice for Havre taxi services. **Another SBDC success!**

“Aneta was great to work with. Even though it took some time to get her business open, **she never gave up.**” -Joe LaPlante, Havre Regional Director
